

REMARKS

In view of the Advisory Action mailed on January 7, 2009, the second amendment after final Action has been filed.

In the amendment, claims 15-45 have been canceled, so that claims 1-14 rejected by the nonstatutory obviousness-type double patenting as being unpatentable over claims of U.S. Patent No. 7,253,446 are pending in the application.

In order to obviate the obviousness-type double patenting rejection, a terminal disclaimer has been filed. Also, the specification has been amended to include the names of the parties to the joint research agreement. Further, the required statement has been filed.

Reconsideration and allowance are earnestly solicited.

One month extension of time is hereby requested. A credit card authorization form in the amount of \$400.00 is attached herewith for the one month extension of time (\$130.00), the processing fee of the amendment (\$130.00) and the terminal disclaimer fee (\$140.00). If any fee is further required, please charge to Deposit Account No. 11-0219.

Respectfully Submitted,
